RESENTED THE INSULT.

Alleged Justification for Brutal assault on Dan Maurer.

A young man named James Bishop is under arrest on a serious charge of assault with a deadly weapon with intent to do bodily harm. He was taken into custody after an exciting chase of half a mile in which a dozen persons participated. He was finally nabbed by Officer Morris.

It is charged that Bishop assaulted one Daniel Mire, a saloon keeper of First and Sixth West streets. Mire declares that the assault was wholly unprovoked, while Bishop makes an entirely different claim. He says that Maurer insulted a young lady who was in company with Bishop.

From all that could be learned about the affair, it appears that Bishop was walking up the street with a young woman and passed Maurer and a friend who were standing on the corner. They were shouting and a number of words were thrown by Bishop as directed at the young woman. He told her to go along the street while he returned. He demanded an explanation from Maurer and the latter said he was shouting to some people across the street. This did not seem to satisfy the clerks who were all further engaged.

A Kenyon clerk remarked today that when the free phone was in operation it took over half his time in waiting on guests in the evenings. Now guests go into a box to do their talking, and pay their nickel for the same, and the clerks are relieved from all further trouble.
